Select Your Conference Sessions

Pre-conference Training Session (optional): October 13

The pre-conference sessions are designed for novice users of DI's trauma registry and Outcomes software products. Each track will cover basic system set-up and navigation, plus techniques that will facilitate efficient data entry and accurate reporting. Sessions will prepare attendees for the workshops being offered throughout the full conference. See list of workshop descriptions for more details.

Select one: _____ Trauma Registry Training (Please indicate registry used: _____ Collector _____ NTRACS)
_____ Outcomes
